CALLING ALL BUSINESSES!

The Warrenton Area Chamber of Commerce is partnering with the Warren County R-III School District to prepare our students for their futures. We would like to offer any or all of the following to interested students and businesses:

Ongoing internship at a business

This internship would last a semester for two class periods Tuesday through Friday (approximately 10:30 am – 1:00 pm.).

The student would intern for a class grade and not for payment.

The business would work with the teacher/coordinator to create the necessary criteria for their ideal intern.

Students would be matched through an application process.

Students would have to provide their own transportation from the school to the business.

Real life business projects

This would entail students taking on necessary projects for a business in their classroom.

The business would submit their needs (i.e. website, marketing research, marketing materials, etc.) to the teacher/coordinator who would then assign the task to the students.

The students would be graded based on their involvement in the assignment.

Opportunity to shadow a business for the day

The business would assign a staff member to host a student for the day, showing them the various aspects of that business.

The teacher/coordinator would match the student and business based on their interests.

If you are a business that is interested in any of these program offerings, please contact Jan Olearnick at warrentoncoc@socket.net or Dr. Gregg Klinginsmith at klinginsmithgt@warrencor3.k12.mo.us.

Community Guide Now Online!

BUSINESS SPOTLIGHT OF THE MONTH

Amy Lombardo—Amy Lombardo Insurance

Hello. My name is Amy Lombardo and I am a licensed Independent Insurance Agent specializing in the Medicare market. My husband and I moved to Warrenton three years ago. We have four amazing children and a gentle giant dog named Max. Being involved in the Warrenton community is very important to me and currently I volunteer with Meals on Wheels, Senior Food Boxes and NECAC.

The Medicare maze can be quite confusing and frustrating. My goal is to educate individuals on how Medicare works as well as what plans are available in their area and then help them find the best plan to meet their individual needs. I would like to become the person that you turn to when you need help or have questions about your Medicare Insurance. Many times I am able to save my clients money and find them additional benefits and programs that enhance their lives at no additional cost. I look forward to working with you and your family.

WHAT GREAT LEADERS DO

What does a leader look like? Think of two leaders, famous or not, whom you admire and respect. What do they do that is so different? What traits do they have that help them excel at a high level? Leadership is not a great mystery. Great leaders have specific traits in common. These traits can be learned and developed—by you!

As a leader, you need to understand the specific traits that will help you achieve a high level of leadership success. Here are ten tips to help you identify what you as a leader must do.

Look again at the two leaders you identified. Go through each one of the points listed below and notice how they do each one.

1. **Great leaders lead by example with an overriding guiding vision or purpose.** They possess an unquenchable passion for successfully implementing the vision of the company regardless of the disapproval of those individuals who fail to see the bigger picture. They don't waste time worrying about day to day responsibilities or problems. Instead, they focus on where the organization needs to go.
2. **Great leaders know how to be themselves and are proud of who they are.** Because they are comfortable with who they are, they are able to do what they need to do and say what they need to say with conviction — and without caring about what anyone else thinks.
3. **Great leaders have the ability to inspire confidence in others.** They can clearly and concisely communicate their message to motivate those around them to greater heights of achievement. People will do more for leaders they respect than they would do for anyone else.
4. **Great leaders are never self-serving.** Unlike the star employee, they aren't focused on proving themselves but are focused unconditionally (and not selfishly) on what is best for the organization. They put their vision for the company above their own interests.
5. **Great leaders rarely question themselves.** Instead, they listen to their inner voice and trust it completely, allowing it to be their guide with each step they take, even as they move in directions that no one has gone before. To be a great leader, you must believe in this voice and trust that it will always be there to guide you.
6. **Great leaders know when to take advice.** They value support from others and bring others into their circle who can provide the counsel they need. They realize how large their tasks are and find the resources and people they need to generate support, which is vital for success. You can develop your top talent by providing them with coaches and mentors, so that they have support when they need it.
7. **Great leaders possess the foresight to move ahead, even in the most questionable times.** They take risks and realize the importance of moving forward—daring themselves and others to venture out in new directions. They realize this is part of their responsibility and not something they can turn their backs on. Once they realize the vision, they rise up to the occasion and take the necessary risks required for implementation.
8. **Great leaders love what they do and communicate their passion to others.** They exude a passionate energy that rubs off on others around them. They have a light, effortless, and clear persona that is projected to everyone they meet because they are so in tune with their work. Others feel this and want to be a part of the vision that the leader is bringing forward.
9. **Great leaders learn to lead by following.** They trust those who are in authority above them and are loyal to them. They are inspired by the vision that is being passed on to them and may even notice themselves liking and wanting to be more like their leaders and managers.
10. **Great leaders never quit.** They embrace and overcome any obstacles, personal or otherwise, that stand in their way. Thus, they need to do the necessary work on themselves to prevent anything from holding them and eliminate habits that are keeping from being the best leader possible.

Mastering these skills will help you develop your talent as leaders in turn, setting a strong example for them to follow.

AMERICAN PICKERS to Film in Missouri

The American Pickers are excited to return to Missouri! They plan to film episodes of The History Channel hit television series throughout your area in May 2021.

We understand that with the proliferation of COVID-19, we are all facing very uncertain times. We at American Pickers are taking the pandemic very seriously and will be following all guidelines and protocols for safe filming as outlined by the state and CDC. While we plan to be in Missouri this May, we will continue to re-schedule if conditions change for the worse. Regardless, we are excited to continue to reach the many collectors in the area to discuss their years of picking!

AMERICAN PICKERS is a documentary series that explores the fascinating world of antique "picking" on The History Channel. The hit show follows skilled pickers in the business, as they hunt for America's most valuable antiques. They are always excited to find sizeable, unique collections and learn the interesting stories behind them. As they hit the back roads from coast to coast, the Pickers are on a mission to recycle and rescue forgotten relics. Along the way, they want to meet characters with remarkable and exceptional items. They hope to give historically significant objects a new lease on life, while learning a thing or two about America's past along the way. The Pickers have seen a lot of rusty gold over the years and are always looking to discover something they've never seen before. They are ready to find extraordinary items and hear fascinating tales about them.

The American Pickers TV Show is looking for leads and would love to explore your hidden treasure. If you or someone you know has a large, private collection or accumulation of antiques that the Pickers can spend the better part of the day looking through, send us your name, phone number, location and description of the collection with photos to:

americanpickers@cinelfix.com or call 855-OLD-RUST.
facebook: @GotAPick

AMERICAN PICKERS is produced by Cineflix Productions for The History Channel. New episodes air Mondays 8pm-9pm ET on History.

To: Whomever This May Concern:

For those that I have not met, my name is Justin Unger and I am a Lieutenant with the Warrenton Police Department. As these challenging times in the past year have forced so many cancellations of particular events, I am very happy to announce that the Warrenton Police Department has elected to participate in the 2021 Special Olympics Torch Run.

Usually by this time of the year, we are much further along with the planning of this event, but we are up for the challenge and are committed to making this year a success.

In an effort to raise as much funds as possible for this organization and our Athletes, we will be accepting donations from businesses or anyone who wishes to sponsor the event.

Law Enforcement, Fire and EMS will be participating in the run which will begin at 9:00 A.M. on 05-27-2021. At the conclusion of the run, there will be a ceremony at the Warrenton City Hall.

On behalf of all of us at the Warrenton Police Department and our Special Olympics Athletes, thank you in advance for your contributions and your time.

Respectfully:

Lieutenant Justin Unger DSN 225
